

**Moving diesel?**

Then you need a rugged 12-volt Selecta transfer tank that will make filling any vehicle, from a tractor or harvester to an earthmover, fast and efficient. Available in 100, 200, 300, 400, 800 & 1000 litre capacities. All units come standard with a high quality auto shut-off gun for added safety.

- 4 metres of battery cable with alligator clips so you can easily reach a 12-volt power supply
- 4 metres of 20mm I.D. diesel delivery hose
- Baffled interior on 300, 400 and 800 litre units for smooth travel
- UV stabilised impact-resistant Polytuff tanks with lid and breather for long working life and safe diesel transfer
- 12-volt DC bypass pump, 40L/min open flow with easy to use volumetric priming
- Mounting provisions for hose hooks on 300, 800 & 1000 litre tanks
- Easily distinguished grey colour denoting diesel only
- Available with or without litre counter, (excluding 100L and 200L model)

**Additional features for 200 & 400 litre low profile units**

- Unique low profile 200 and 400 litre units neatly stows the delivery hose and gun inside the front face of the tank for safe storage
- Tank shape allows forklift to easily lift and transport unit (400L only)
- Provision for locking transfer gun to tank for security
